Synchronized Manufacturing • Intergration • Management

## CAPABILITIES BRIEF

### COMPANY OVERVIEW:

Syncro Corporation is a privately-held manufacturing and systems integration company with corporate headquarters located in the North Alabama region just minutes away from Huntsville, Alabama. Huntsville, Alabama has been recognized nationally for its highly skilled workforce and contributions in the fields of research, development, manufacturing, and logistics. Syncro Corporation is located in close proximity to Redstone Arsenal, home to the Army Aviation and Missile Command, NASA, and the second largest research park in the U.S. The area's strong economy and military technology focus creates a demand for a highly skilled workforce and offers Syncro customers distinct advantages.

Syncro Corporation offers more than 70 years of experience in product research and development, management, and post manufacturing support.

### MARKETS CURRENTLY SERVED:

**Medical, Industrial, utilities, transportation, technology and military sectors.**

### FACILITY:

**Secure 110,000 sq. ft. ISO Certified facility**

### CERTIFICATIONS:

- ISO 9001:2008 Certified
- IPC Training Certified
- IPC Member
- AUSA Member
- SMTA Member

### DISTRIBUTION:

**Global**

### SYNCRO SERVICES:

#### ENGINEERING:

- Radio Frequency (RF)
- Software/Programmer Support
- Magnetics
- Product Analysis
- Prototype Design
- Test Development

#### PROGRAM MANAGEMENT:

- Formal project launch process
- Phase control planning
- Project tracking
- Open two-way communications
- Test & evaluation processes
- On-time delivery

#### MANUFACTURING:

- 110,000 sq. ft. facility
- Electronic Manufacturing Services (EMS)
- End to End solutions
- Product and process design
- Quality Control
- Lean Manufacturing process
- Cable Assembly
- Box Build
- AOI (Optical Inspection)
- X-ray equipment
- Functional Test Systems
- SMT and Auto Inspection Equipment

#### SYSTEMS INTEGRATION:

- Order management
- CTO and BTO assembly
- High-velocity manufacturing
- Variable Mix/Low to Medium Volume Manufacturing
- Complex configuration management
- Complete or partial system integration
- Test and analysis

#### LOGISTICS:

- Customized labeling
- Barcode and Unique Identification Designator (UID) Capability
- Modification Work Orders (MWO)
- Time Compliance Technical Orders (TCTO)
- Haz Mat Compliance
- Spare Parts Support
- Logistics Analysis and assessments
